

IT'S your move

SAFE CYCLE PARTICIPATION PLEDGE

Our school is happy to receive the loan of a bike package and commits to delivering the Safe Cycle for High Schools curriculum. We understand the curriculum is a part of IYM and supports students to ride, walk or scoot to school more often.

IYM PLEDGES TO:

- Provide a bike package (trailer and suite of bikes) to your school for a three week period, including delivery and pick-up.
- Provide access to two hours of online professional learning and six modules of online student learning.
- Provide the school with opportunities to build an environment that supports students to ride, walk or scoot to school, through:
 - Resources to implement an It's Your Move How-to Guide project which uses QR Code technology to encourage students to travel actively to school.
 - Planning support to participate in active travel events each year.
 - Guidance on how to conduct school fundraising for the purchase of a permanent bike package.

SCHOOL PLEDGES TO:

- Nominate a coordinating teacher/s to deliver the curriculum.
- Ensure all relevant teachers complete the Safe Cycle professional learning prior to delivering lessons.
- Deliver the Safe Cycle curriculum to students.
- Develop an Active Travel action plan.
